OYO STATE LABOUR & SKILLS REGISTRY

Smoke Test

Verifying the Chemiroy Document Design System v2.0 build pipeline renders Markdown, applies the design system, and outputs a PDF correctly.

1. Smoke Test

This document exists to verify that the build pipeline correctly:

1. Parses YAML front-matter into the cover
2. Renders Markdown body content into HTML
3. Applies the design system stylesheet
4. Generates a PDF via headless Chromium / Edge

1.1 Typography

The body text uses **Inter** at 10.5pt with line-height 1.55, left-aligned. Headings use **Plus Jakarta Sans** with weight-driven hierarchy (H1: 800, H2: 700, H3: 600). All headings render in near-black `#1a1a1a`, not maroon. Maroon is reserved for *accent only* — page rules, callout left-bars, stat-card top borders.

1.2 Sample callouts

> **KEY FINDING**
>
> Field-Survey Readiness Certificate is on track. 2 of 6 items complete; 4 in active development with completion targeted before the field-survey window.

> **ASSUMPTION**
>
> Per Assumption Class B, the projected enumerator deployment of 99 across 33 LGAs assumes a 1:3 supervisor-to-enumerator ratio holds throughout the field phase.

> **RECOMMENDATION**
>
> Lock the Transfer Protocol counter-signature appointment with the Honourable Commissioner before the IUBR submission window.

1.3 Sample table

FIELD READINESS ITEM	STATUS	OWNER	ETA
Tailscale + SSH hardening	Done	Builder	2026-04-23
Schema foundation	In progress	Dev	2026-05-02
Public wizard + pending-NIN	Ready for dev	Dev	2026-05-04
Input sanitisation layer	Ready for dev	Dev	2026-05-04
Backup AES-256 encryption	Ready for dev	Builder	2026-05-06
Operations Manual (enumerator section)	In progress	Builder + Tech Writer	2026-05-07

1.4 Sample dashboard

2/6
FRC ITEMS COMPLETE
4 in active development

132
FIELD STAFF
33 supervisors + 99 enumerators

33
LGAS COVERED
100% of Oyo State

B+
SECURITY POSTURE
Assessed 2026-04-12

2. End of smoke test

If you can see a properly-styled cover, this section, the callouts, the table, and the dashboard cards in the rendered PDF — the design system pipeline is working end to end.
